Quality Policy

Nissin International Logistics (M) Sdn Bhd is committed to providing innovative logistics strategies and services that meet our customers' needs, creating a competitive advantage through secure, economical, and timely delivery management.

Nissin International Logistics (M) Sdn Bhd is also dedicated to offering excellent warehousing and handling services by ensuring a safe and secure storage environment for customers' goods at a reasonable cost.

Nissin International Logistics (M) Sdn Bhd strives to achieve this through employee participation, honest communication, and a clearly defined understanding of customer needs, along with continuous improvement in our quality management systems and services.

Customer expectations are our ultimate commitment in the way we do business, and service quality responsibility is instilled in our company culture.

We continuously improve our processes to ensure the effectiveness of our Quality Management System, while adhering to ISO 9001:2015 standards and meeting all applicable statutory, regulatory, and customer requirements.

Our service philosophy:

1. Customer oriented
2. Contribution through innovative solutions
3. Improvement through key performance indicators
4. Business relationships instead of business dealings

This policy is periodically reviewed to ensure its suitability, adequacy and effectiveness.
